2018 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

TOMS RIVER FIRE COMMISSIONERS DISTRICT NO. 2

(Fire District Name and Number)

FISCAL YEAR: January 1, 2018 to December 31, 2018

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2018 proposed Annual Budget and make comparison to the 2017 adopted budget. Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.

The 2018 budget reflects a decrease of approximately \$1,000,000 or 22%. The majority of the decrease is capital appropriation. In 2017, the District appropriated \$1,275,000 for a rescue truck and a pumper truck, and \$25,200 for the joint board fire prevention bureau vehicles, whereas in 2018, the District appropriated \$127,893 for opti-com system and generator, and \$70,200 for joint board various equipment and building improvements. Other significant change is LOSAP from \$258,500 to \$358,500. Since the District LOSAP program is funded at a ratio of 62%, it deemed necessary to add money to better fund the LOSAP program.

2. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation to support the district budget and on the Restricted and Unrestricted Fund Balance(s). Explain increases or decreases in the tax rate and utilization of fund balances. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget.

The 2018 budget Amount to be Raised by Taxation remains consistent with prior year. The local fire tax rate is estimated to be \$0.066 per \$100 of assessed value as compared to \$0.070 per \$100 for the 2017 year. The unreserved fund balance utilized for the 2018 and 2017 is \$307,893 and \$255,553, respectively. The restricted fund balance utilized for 2018 and 2017 is \$172,893 and \$1,100,000, respectively. The unreserved fund balance is increased by 2%. The District does not anticipate any impact on the following year's budget as its unrestricted fund balance remains sufficient.

3. Include a statement explaining how the Fire District is complying with the Property Tax Levy Cap. The statement must explain reasons for exceeding the Levy Cap and identify the appropriations that caused the Fire District to exceed the Levy Cap, and how they are being addressed by a referendum.

The District is complying with the property tax levy cap of two percent (2%) on the amount to be raised by taxation including exclusions. The District is not exceeding the CAP and is not requesting any waivers or submitting any referendums. The District is utilizing fund balance to meet the CAP requirements.

4. If the Fire District plans to pass a Resolution for the Release of Restricted Fund Balance, explain the reason and purposes of the appropriation.

Not applicable

5. Complete a brief statement on the Annual Budget's proposed capital appropriations and payment methods, including debt service for the proposed budget year and for future years.

The capital appropriation is decreased by approximately \$1,100,000. The decrease is due two large capital purchases in 2017, a rescue truck and a pumper truck, where as in 2018, there are couple smaller capital improvements relate to vehicles and firefighting equipment. The majority of 2018 and 2017 capital improvements were funded from restricted surplus. The District has no debt service.

6. If the proposed Annual Budget contains an amount for a Cash Deficit of the Preceding Year pursuant to N.J.S.A. 40A:14-78.6, then explain the reasons for the occurrence of the deficit.

Not applicable

7. Does the Annual Budget appropriate such sums as it may deem necessary for the purchase of first aid, ambulance, rescue, or other emergency vehicles, equipment, supplies and materials for use by a duly incorporated association, pursuant to N.J.S.A. 40A:14-85.1? If so, provide the organization's incorporated name and amounts.

8. Complete the following based on the municipal assessor's latest information pursuant to N.J.S.A. 54:4-35:

Total Assessed Valuation of District	\$4,620,507,177
Proposed Tax Rate per \$100 of Assessed Valuation	\$0.066

9. Is the Fire District providing for a first year funding appropriation to establish a length of service award program (LOSAP) in this year's budget subject to public referendum thereof?

----	---	-----	--	-----------------------------------	----

If the public question is defeated, is the Board of Commissioners aware that the budget must be amended to delete the LOSAP appropriation amount and that the Amount to be Raised by Taxation to Support the Budget must be reduced by a like amount?

AGREEMENT

WHEREAS, N.J.S.40A:14-68 authorizes the governing body of a municipality to contract with volunteer fire companies within the municipality for the purposes of extinguishing fires, upon such terms and conditions as shall be deemed proper; and

WHEREAS, N.J.S.40A:14-81 provides the Commissioners of a fire district with the same powers, duties and functions within the fire district and to the same extent as municipalities relating to the prevention and extinguishment of fires and the regulation of fire hazards; and

WHEREAS, the Commissioners of Fire District #2 in the Township of Toms River, Ocean County, New Jersey have negotiated an agreement with the fire company within its jurisdiction upon terms that are fair and proper for the provision of fire protection services to the fire district;

It is on this 2^{15th} day of March, 2017, between the Commissioners of Fire District No. 2 in the Township of Toms River, County of Ocean, New Jersey (hereinafter called Commissioners) and Pleasant Plains Fire Dept. (hereinafter called Fire Company), and in consideration of the payment to be made as herein described and the exchange of mutual promises, represented and agreed as follows:

1. Fire Company will extinguish fires within the fire district or in such other areas or territories as may be contracted for by Commissioners, or pursuant to mutual aid agreements which have been approved by Commissioners. Copies of all such contracts or agreements shall be furnished to Fire Company. For purposes hereof, the term "extinguishing fires" shall be used in its broadest and most universal sense.
2. Nothing herein shall be construed to increase any liability on the part of the Fire Company to the public for errors or omissions in the performance or non-performance of its duties hereunder or pursuant to any other requirement.
3. The fire fighter members of the Fire Company, in performing fire duties shall be deemed to be exercising a governmental function.
4. The fire fighter members of the Fire Company shall be under the supervision and control of the Commissioners, and Fire Company may not take any action which is contrary to law or to the by-laws or to the official actions of Commissioners. Commissioners shall exercise supervision and jurisdiction over Fire Company in firematic matters only and will not interfere with or seek to regulate the internal administration of Fire Company. Nothing herein contained shall be deemed to authorize Commissioners to direct the actions of the fire officials or fire fighters at a fire scene or to act contrary to the statutory command authority of the fire chief at the fire scene.
5. Fire Company shall perform such other duties, directly or indirectly related to the extinguishment of fires, as may be reasonably assigned from time to time by Commissioners.
6. In addition to the payment to be made annually by Commissioners to the Fire Company pursuant hereto, Commissioners shall provide workers' compensation insurance coverage for all fire fighters of the Fire Company and liability insurance coverage for the Fire Company and for its apparatus, vehicles and equipment but not for the firehouse or other structures owned by Fire Company. Copies of all liability and workers' compensation insurance policies shall be furnished to Fire Company.
7. Commissioners shall reimburse fire fighters for any losses or expenses incurred while engaging in fire duty, subject to reasonable proof of the value of such losses, in accordance with procedures to be established by Commissioners, except for those losses or expenses for which reimbursement shall be provided by Fire Company, e.g., clothing allowance, and except for such losses as are covered by insurance.
8. Commissioners shall pay Fire Company \$111,179 for the period from March 15, 2017 through

March 7, 2018 as reimbursement for the expenses of providing fire protection for the fire district. Said payment shall be made in installments of \$3,992 per month; together with two lump sum payments: one at the first meeting in August in the amount of \$2,750 and the other at the first meeting in November in the amount of \$27,525; in addition, up to \$500 will be paid for expenses incurred based on a list provided by the fire chief, and the balance will be paid to the fire company, for the total amount aforesaid. The later installment payment of \$27,525 shall be disbursed upon receipt of hose tests, hydrant tests and the list of fire fighter percentages (drills and attendance). The testing of the hose must be done between April 15th and October 15th; the mutual aid drill must be held between April 15th and October 15th; and the annual inspection must be held between April 15th and October 15th. With regard to the funds distributed for the annual Firemen's Convention in Wildwood, New Jersey, the following must be adhered to: 1. Personnel wishing to participate in the parade must help in preparing the truck prior to it leaving for Wildwood. 2. All personnel participating in the parade will do so in uniform (Summer, full dress, etc. as decided by the lead Company from Toms River Township). 3. All expenses for fuel, tolls, and meals while in route issued by the Board will be for those who ride down to Wildwood on the truck. 4. The remaining monies will be distributed equally among all personnel that participate in the convention. 5. No money will be allotted if no truck goes to participate in the parade. Commissioners may request submission of check books or other records or documents to substantiate the compliance of Fire Company with the requirements of this agreement as to all expenditures made of the annual payment aforesaid, provided that if not fully satisfied with such information Commissioners may require an audit of the accounts of Fire Company as to such expenditures, but this in no way obligates the Fire Company to submit to an audit as to any funds received other than from Commissioners. The expense of such audit shall be borne by Commissioners. Fire Company shall cooperate completely with Commissioners and its designated representatives in the conduct of any such audit.

9. No contract with any other municipality or fire district for the extinguishment of fires, no mutual aid agreement and no rule or regulation or bylaw relating to same may be adopted without furnishing Fire Company an opportunity for hearing and discussion.

10. For purposes of this agreement, fire fighters shall include "fire police".

11. Fire Company will house any apparatus, vehicles or equipment furnished by Commissioners in a safe and secure manner, will observe any rules or regulations promulgated by Commissioners for the maintenance, storage and use of said apparatus, vehicles, and equipment and shall utilize same only in accordance with procedures established by Commissioners and to effectuate the purposes of this agreement. Such rules and regulations shall be in writing and shall be furnished to Fire Company.

12. This contract is contingent upon adequate funding being provided in the annual budget as approved by the voters or the municipal governing body, as the case may be.

13. Fire Company may not hire or employ any person to perform any function of firematics without the consent of Commissioners, which shall not be unreasonably withheld, but the Commissioners may provide paid employees for use by Fire Company provided that the requirements of L. 1979, c. 453 and subsequent amendments, if any, are observed.

14. If any article, section, paragraph, sentence or clause of this agreement is determined to be invalid, same shall be deemed severable and the remainder of the agreement shall survive unless such invalidated language is material to the purposes and intentions of this agreement.

15. It is further agreed that this agreement shall be automatically renewable from year to year unless either party notifies the other by written notice of at least 60 days prior to the expiration of this agreement of the intent not to renew. Automatic renewal of this agreement does not constitute, however, acceptance by either party of the prior fiscal year's monetary agreement payable to the fire company, negotiation of which shall continue during the period of automatic renewal until an equitable sum is agreed upon, at which time the agreement shall be so amended. At least 90 days prior to the expiration of this agreement, the Commissioners shall meet with the designated officials of the fire company to determine and set the dollar amount of the agreement and/or make necessary alterations and
